Forest Crawler CTL 250FR

MANUFACTURER

CTL Technology GmbH

TYPE

Forest Crawler CTL 250FR

ENGINE

YANMAR 4-Cyl. Diesel, Engine output: 37 kW / 50 PS, Fuel capacity: 30 l HYDRAULIC 50 ccm Load-Sensing hydraulic pump with integrated power controller, capacity 100 l

POWER TRAIN

2 hydraulic powered wheels with integrated brakes, continuous hydraulic driving (forward and backwards) up to 8 km/h, 2 different driving modes

CHASSIS

Reliable rubber tracks, 400 mm wide

WINCH

ADLER EHY 5 pulling force 50 - 70 kN, cable capacity up to 80 m

REAR BLADE

1.700 mm wide with 250 mm height-adjustable pulley

REMOTE CONTROL

HBC radiomatic „linus 6“ with ergonomic control panel and charging station, receiver FSE 727

AVAILABLE EQUIPMENT

- ADLER EHY 7 pulling force 50 - 70 kN, rope capacity 130 m, \varnothing 12 mm
- Traction aid winch pulling force 0 - 23 kN
- Three-point attachment
- LED working headlights
- Lockable toolbox
- Chainsaw rack
- Special painting (RAL)

DIMENSIONS OF THE SERIES

L/W/H (mm): 2.700 / 1.720 / 1.600

INFO

Central electrics with operating hours counter, bonnet with service flap, Soil protection plate, rollover bar, frame bar, lashing eyes
